

Join Us for the Human-Centered Transportation Summit Working Towards Enhancing Access and Mobility in Western New York

**September 21, 2006 • Hyatt Regency • Buffalo, NY
8:00 am—5:00 pm**

Hosted By: Center for Transportation Excellence and Erie County Senior Services

Sponsors Include: *AARP and the Network on Aging*

Federal, state, regional, and local elected officials, transportation industry professionals, consumers and health and human service organizations from across the Western New York region will meet in Buffalo, NY to look at ways to address current and future transportation needs to enhance access to transportation to improve mobility, employment opportunities, healthcare and access to community services for persons who are transportation disadvantaged.

During the course of the one-day event, speakers and panelists will examine federal and regional funding, planning, service and demographic trends. Participants will hear about local and national transportation initiatives and engage in discussion on issues related to integrating transportation-disadvantaged consumers into the regional transportation network.

Who Should Attend?

- City, County, State and Federal Officials
- Transportation Planners and Providers
- Health and Human Service Agencies
- Corporate Executives and Business Owners
- Commerce and Transportation Officials
- Transportation Consumers and Advocates
